## **The Very First Settlers Who Came To Stay In Timpanogos Valley in the Early Fall of 1858:**

**Robert Broadhead (yet unmarried)**

**William Davidson and pregnant 2nd Wife: Ellen Nish**

**Note:** Ellen Nish Davidson delivered Mary Timpanogos Davidson at London Springs, two miles north of present Heber City, on 8th of October 1858 in a large Wickiup, made of poles, with willows woven around the poles. This was stuffed with grass and mud to make a shelter, big enough to accomodate 30 people.

**James Bailey Davis and 1st wife: Catherine Kirby**

**Note:** <sup>All</sup> These people had come from Nephi in Juab County, up Provo Canyon on the newly made rough wagon road in the early fall of 1858, with oxen and wagons, plows, harrows and supplies, before Ellen Nish Davidson delivered her first baby girl in that "Wickiup."
